OYO Hotels and Homes

OYO Hotels and Homes

Hospitality

Business Analyst

Tentative Job Location :

Gurgaon

- Perform data-mining and analysis using tools including MS Excel, OBIEE, MySQL, SQL, Oracle BI and Cognos to identify trends and develop forecasts, as well as identify opportunities for cost savings and quality improvements

• Own, develop and maintain metrics allowing more granular explanations of weekly/monthly/quarterly business report trends and driving the prioritization of quality/cost improvement projects

• Provide analysis support on project, new initiatives and strategic decisions. Collaborate with business, product and technology teams to implement projects

• Be a part of the core team that designs algorithms for new IP products and services

• Develop new technological ways for solving high end problems with data science, analytics and visualization

• Design experiments, test hypotheses, build models, drive control groups and scale what works

• Work with various stakeholders to identify the business requirements, define working methodologies and the expected outcome

• Make OYO a data driven organization by creating platforms to better access, interpret and use data in driving day-to-day decisions and business functioning

• Track project issues, concerns, deliverables, and acceptance criteria.
