

**Company :** Indus Insights And Analytical Services Pvt. Ltd.  
**Company Name :** Indus Insights And Analytical Services Pvt. Ltd.  
**Nature Of Business :** Consulting/Data Science  
**Designation :** Associate  
**Tentative Job Location :** Gurgaon

Indus Insights is looking for top-notch professionals to drive consulting and data sciences assignments of the firm. This is a phenomenal opportunity to work on some of the most exciting problems in fintech, banking & other industries while using Analytics & Big Data. These roles offer great exposure to top-tier clients across the globe, including in the US, Australia, Singapore, and India. If you like the overlap of business, math, and technology, and enjoy working in a fast-paced environment, this role is tailor-made for you.

Indus is looking to fill positions at the Associate Tier.

Specific role requirements will include the following:  
1. Drive analytics projects for our clients

- Description :
 

1. Work with your manager to give an analytical structure to seemingly vague business problems  
 2. Develop a problem-solving approach; Participate in brainstorming sessions with the team  
 3. Manipulate datasets from a variety of sources; Merge datasets, perform data hygiene, and create analysis/ modeling conducive datasets; Be the subject-matter expert on client data and trends  
 4. Use regression and machine learning techniques to create predictive algorithms; Evaluate the performance of algorithms, validate these, and perform statistical tests  
 5. Develop economic valuation models, perform validation, and design business strategies using such models  
 6. Develop business recommendations using predictive/ econometric models, perform impact sizing, stress testing, and create business case and presentations to be shared with CXOs

2. Client and Project Management

1. Work with client maps to understand the business context and data trends; Partner with them to address data issues and ensure consistency between data trends and actual business performance  
 2. Present findings, updates, and recommendations to clients on a periodic basis  
 3. Ensure smooth delivery of the project, provide periodic updates to Indus leadership & to clients, highlight roadblocks, etc

3. Other Activities

1. Be involved in hiring activities of Indus  
 2. Lead internal workstreams, such as internal R&D projects, business development assistance, lead new joining training sessions, etc
