Razorpay Software Private Limited

Software Development Engineer in Test

Bangalore

We're looking for a highly capable, motivated "Software Development Engineer in Test" to join us in building world-class customer focused software.

Our team delivers integrated software and hardware solutions allowing all of Razorpay customers and partners to contact us for assistance as they use online payments. You would be an important part of a growing team using the latest technology to improve our customer experience across voice, web, and mobile platforms, empowering merchants to enjoy flawless and online transactions.

In this role, you will be a leader, contributor, and have the opportunity to make a lasting impact on our entire technology stack.

Description :

Roles and Responsibilities

- Contribute to robust, scalable, and high-quality test automation solutions.
- Lead test reviews, author, and execute test cases.
- Collaborate with business and technical teams to solve complex problems.
- Advocate and champion quality coding and best practices.
- Communicate design and test impact based on business requirements
