

Company : Gan Studio
Company Name : Gan Studio Inc.
Nature Of Business :
Designation : Machine Learning Intern
Tentative Job Location : New Delhi, Delhi

Gan Studio is a VC backed stealth startup based out of Delhi. Gan.Studio focussed on the state of the art algorithms in Speech Synthesis/Generative Modelling founded by Stanford alumni(ex-FAIR).
We are looking for Deep Learning Engineers and interns to expand our core team. The problems revolve around novel research on zero-shot solutions in prosody transfer, voice cloning, lip-sync to unseen faces, etc.

Interested Candidates should have most of the following :
- Ability to generate and execute research ideas.
- At least 1 Year of Experience with PyTorch / Tensorflow or any other relevant Deep Learning libraries.
Description :
Preferred Qualifications:
- Strong Publication Record at top tier Deep Learning and Artificial Intelligence conferences are a big plus.
Why should you join us?
- Working very closely with the founding team, you also have the chance to influence and drive the direction of the company significantly.
- Starting with coding/engineering solutions, you'll have the opportunity to grow with the team and lead it.
- Thrill of an early-stage startup growing rapidly.

If interested, you can reach out at careers@gan.studio.
