About Effiya

Effiya Technologies is an AI driven Product Company started two years ago and is committed to develop intelligent solutions to solve complex business problems. The team comprises Machine Learning and Business Analysis enthusiasts backed by industry experts. At Effiya, we strive to apply our learnings on machine learning and years of experience to create business applications that can help the organizations in optimizing their business operations, bring them closer to their customers and bring in automation benefits by robotizing business process.

Our lineage of team members coming from analytics driven advisory firms pushes us to ensure that our applications make a substantial, consistent impact on the customer organization. We continue to expand our footprints in different parts of MENA and Asia with offices in New Delhi/ NCR and Dubai/ Singapore (in the process of being opened).

Some of the prominent industries Effiya products serve are – banking, financial services, telecom and sustainability.
