Analyst

Analyst

Job Description

Analysts are the eyes and ears of the company. As an Analyst, you will help all the teams and the company to track and improve key metrics. You will have huge amount of data at your disposal, and will derive valuable and meaningful insights out of it.

Role and Responsibilities

- â— Gather, clean and analyse data to reveal valuable insights.
- â— Build and apply expertise in quantitative analysis, data mining, and data visualization to see beyond the numbers
- â— Create data models and automate data collection to update plans and inform strategy
- â— Build and maintain reports, dashboards, and metrics to monitor the performance of various teams and company as a whole.
- â— Best practice research, peer and competitor review. Understand and stay up-to-date on industry trends, competitive landscape and internal product development efforts
- â— Conduct interviews and feedback sessions with internal team and end users and recommend enhancement in the product and processes
- â— Work closely with heads and managers of Business, Product, Marketing, Content and Technology Team

An ideal candidate would have:

- â— Very strong analytical skills
- â— Excellent data analysis skills, ideally with a technical qualification for manipulating data using Excel, R, Python etc.
- â— An aptitude to learn quickly
- â— Great problem-solving skills
- â— Some experience with databases.
- â— Excellent interpersonal skills
- â— Strong time management and organisation skills

Description :

About Company

Testbook.com is one of the leading online learning platforms, currently focussed on Engineering and Government Job Exams and with an eye to capture JEE, Medical, UPSC and international exams.

Testbook believes technology and data science will play a pivotal role in new age learning. We, as an EdTech platform, help students all across the country to learn, practice, analyse their performance, know their weaknesses/strengths and take better actions towards their exam preparation. The fastest rising startup in the EdTech space, Testbook is poised to revolutionize the industry.

With a registered user base of over 90+ lakh students, 300+ crore questions solved on the WebApp and a knockout Android App, Testbook has raced to the front and is ideally placed to capture bigger markets.

Testbook is the perfect incubator for talent. You come, you learn, you conquer. You train under the best mentors and become an expert in your field in your own right. That being said, the flexibility in the projects you choose, how and when you work on them, what you want to add to them is respected in this startup. You are the sole master of your work. The IIT pedigree of the co-founders has attracted some of the brightest minds in the country to Testbook. A team that is quickly swelling in ranks, it now stands at 200+ in-house employees and hundreds of remote interns and freelancers.
