

**Company :** OLA (ANI Technologies Pvt Ltd)  
**Company Name :** OLA (ANI Technologies Pvt Ltd)  
**Nature Of Business :** Tech  
**Designation :** EDP - Software Development Engineer  
**Tentative Job Location :** Bengaliuru

**Software Development Engineer**  
**Engineering Development Program [EDP]**  
 EDP is Ola's technical development programme curated for young graduates, to give them adequate exposure and hands-on training in varied tech domains  
**Job Title : EDP - SDE**

**About the role:**  
 As a Software Development Engineer, you will be responsible for the development life cycle of product features. You will work with a team of engineers in the design and development of large-scale, multi-tiered, embedded or distributed software applications, tools, systems and services. You will contribute to performance improvement, build software components, and triage, debug, and fix bugs in day-to-day operations.

**Roles & Responsibilities:**  
 â— Participate in the full development life cycle, working within broadly defined parameters, including design, development, testing, and maintenance of the existing application with minimal supervision.  
 â— Work on performance improvement activities. Instrument and test performance metrics  
 â— Unit testing and deployment  
 â— Working with the product and QA, liaise with all stakeholders to ensure smooth delivery.

**Required skills:**  
 â— Solid understanding and knowledge of Java. You should understand concepts of multithreading, I/O, messaging, instrumentation etc. and their implementation in Java.  
 â— Proficiency in implementation of algorithms and use of advanced data structures to solve problems in computing. A solid foundation in principles of computer science is desired  
 â— Ability to write clean, modular and loosely coupled code by the use of design patterns  
 â— Passion for developing highly scalable systems.

**Description :**  
**Additional Skills/Experience:**  
 â— Innovative and strong analytical and algorithmic problem solvers  
 â— Expert at data visualization and presentation  
 â— Excellent critical thinking skills, combined with the ability to present your beliefs clearly and compellingly verbally and in written form.  
 â— Comfortable with ambiguity in a dynamic environment  
 â— Strong interpersonal skills & ability to lead through influence  
 â— Bias for action, in a very fast-paced result-oriented work culture

**18 Lacs**

**About Ola :**

Ola is India's largest mobility platform and one of the world's largest ride-hailing companies, serving 250+ cities across India, Australia, New Zealand, and the UK. The Ola app offers mobility solutions by connecting customers to drivers and a wide range of vehicles across bikes, auto-rickshaws, metered taxis, and cabs, enabling convenience and transparency for hundreds of millions of consumers and over 1.5 million driver-partners.

Ola's core mobility offering in India is supplemented by its electric-vehicle arm, Ola Electric; India's largest fleet management business, Ola Fleet Technologies and Ola Skilling, that aims to enable millions of livelihood opportunities for India's youth. With its acquisition of Ridlr, India's leading public transportation app and investment in Vogo, a dockless scooter sharing solution, Ola is looking to build mobility for the next billion Indians. Ola also extends its consumer offerings like micro-insurance and credit led payments through Ola Financial Services and a range of owned food brands through India's largest network of kitchens under its Food business.

Ola was founded in 2011 by Bhavish Aggarwal and Ankit Bhati with a mission to build mobility for a billion people. For more details, visit [www.olacabs.com/media](http://www.olacabs.com/media) .

Ola Financial Services, a subsidiary of Ola, is a fin-tech involved in providing consumer credit in India that envisions convenience, accessibility, transparency and value proposition all at one place.
