Company :	**UnDosTres**
Company Name :	**UnDosTres**
Nature Of Business :	**IT**
Designation :	**Software Development**
Tentative Job Location :	Mexico City

Description :

- Designing scalable applications and defining/refining technical architecture.
- Developing, documenting and testing internal and external APIs, creating automated feedback mechanisms, and creating and maintaining the roadmap for future API development.
- Tracking performance and reliability of our APIs to meet promised SLAs.
- Helping define user experience and its integration with underlying data sources and structures.
- Owning the end-to-end product responsibility: from requirement gathering and roadmap development up to release.
- Decomposing complex business problems and creating maintainable and future-proof solutions.
- Driving continuous improvements in the development process and finding ways to enhance development productivity.
