Hi,

Thanks for taking time out to know more about Agrifi and an interesting opportunity to build something wonderful with us.

When was the last time you did something for the first time? Think farms and think rain and come with us to discover how we can fall in love with farming again.

Description : **We are looking for an adventurous problem solver who can work with laptops in the field and search for the right spot to get sufficient connectivity to send out mails to us. This is an once in a lifetime opportunity for someone who yearns to eventually start-up in life. The most important part of the role is the fact that you will be working with the founding team and hence the learning curve will be very steep. Get a ringside view of how it is done, before you set out on your own.**

So throw those moorings and drop us a line. We have been waiting to hear from you.

Thanks,

Team Agrifi
