ABOUT BFS AND WHAT WE DO FOR OUR CLIENTS
LTI's "banking reimagined" approach, coupled with our advisory and implementation service offerings, has helped banking
industry produce unique banking solutions, delivering massive business benefits. Our key clients are some of the world's
largest global banks and we operate in all geographies.

Top 5 Global Trends in BFS - 2020
• Omnichannel strategy for 360-degree customer view
• Digital Onboarding
• Open Banking
• AI Driven Decision Making
• FinTech Collaboration for Innovation
Top Strategic Technology Trends 2021
• Internet of Behaviour - Gather the "digital dust" of daily life — data that spans the digital and physical worlds —
use this information to influence behaviours through feedback loops.
• Total Experience - Total experience combines multi-experience, customer experience, employee experience and
user experience to transform the business outcome. The goal is to improve the overall experience where all these
pieces intersect, from technology to employees to customers and users.
• Open Banking - Privacy-enhancing computation - Privacy-enhancing computation features three technologies that
protect data while it's being used.
• Distributed Cloud
• Anywhere Operations
• Cybersecurity mesh
• Intelligent Composable businesses
• AI Engineering
• Hyper automation
The above trends can be further broken down into specifics as below:
• Open APIs
• Advanced Analytics/AI/Machine Learning
• Conversational Interfaces (Chatbots, Voice Device Interface)
• Cloud Processing
• Mobility and Wearables
• Robotic Process Automation (RPA)
• Internet of Things (IoT)
• Blockchain
• Quantum Computing
• Augmented and Virtual Reality
